‘Design for the Future of... Transport’
Glasgow, 22/09/2022

Stagecoach was the original transport disruptor, trying new things and breaking new ground, and that has never changed.

A screenshot of the Tees Flex mobile application. At the top, a map shows the current location 'The Talbot 1' with a blue location pin. Below the map, there are two booking options, each with a Tees Flex logo icon, the text 'Book 1 Seat', the time 'In 6 min' and 'In 16 min', and the price '£2.00'. At the bottom, there is a 'Paying with:' section with an 'On-board payment' option and a large blue button labeled 'Book This Ride'.

A person wearing leopard print leggings is walking on a city street. The background is blurred, showing other pedestrians and urban infrastructure. The text is overlaid on the left side of the image.

It's one thing to find
a technology that works,

It's another to make it
work for your
passengers!

Our computer
driven future
will still be
human

Good design helps 😊
