

TECHNOLOGY SCOTLAND ANNUAL DINNER & AWARDS 2026

THURSDAY 12 NOVEMBER

GRAND CENTRAL HOTEL, GLASGOW | 6PM - LATE

TECHNOLOGY SCOTLAND ANNUAL DINNER & AWARDS 2026

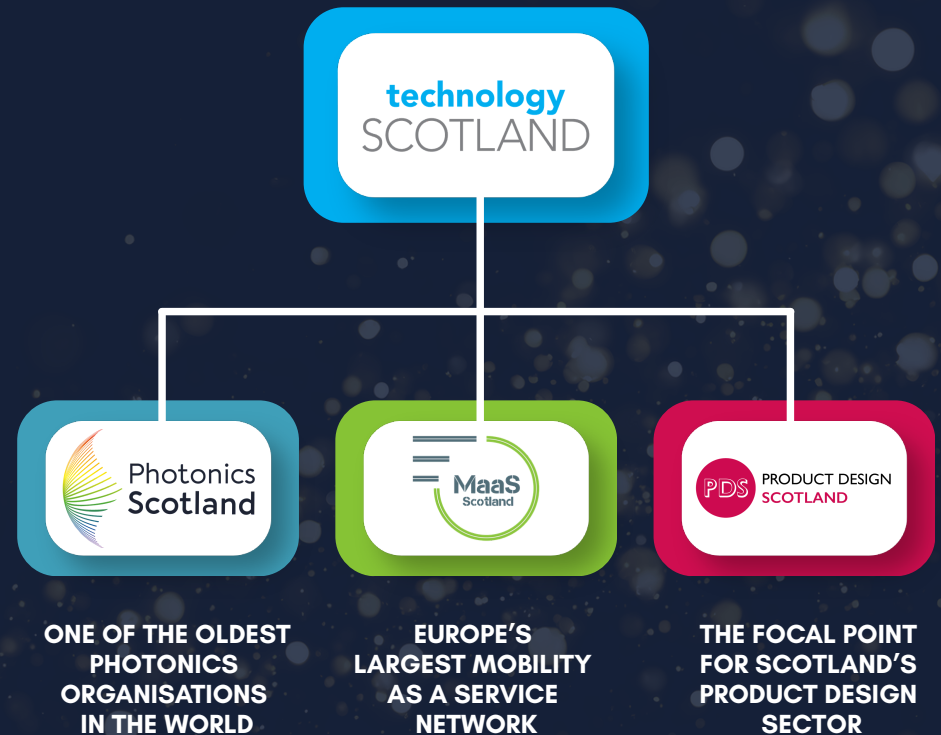

Technology Scotland is the representative body and Cluster Management Organisation for Scotland's critical and enabling technologies sector. Through our networks, **Photonics Scotland**, **MaaS Scotland**, and **Product Design Scotland**, we support a vibrant community of industrial and academic organisations developing technologies that drive advancements across markets, from healthcare and communications to manufacturing and mobility.

Technology Scotland also leads delivery of **Scotland's Critical Technologies Supercluster**, an initiative to grow our capabilities in photonics, quantum, semiconductors and sensing & connectivity to £10bn by 2035.

The **Technology Scotland Annual Dinner and Awards** brings together organisations from across our three primary networks, alongside friends, partners, and colleagues from the wider technology community. In recent years, the event has welcomed more than 250 guests from a diverse range of technologies and sectors, with strong representation from senior decision-makers.

The future for innovation in Scotland is bright. Now is the time to align your organisation with this vibrant movement, ensure that your brand is visible at the highest level, and treat your colleagues to an evening of fun, celebration, and the opportunity to build their networks.

PAST ANNUAL DINNER FEEDBACK

"The Technology Scotland dinner is always an excellent event, a highlight in the calendar, a must-do for the fabulous networking."

"This is a great annual event for the industry and one that many look forward to. Technology Scotland do a great job as always in making it a successful evening."

"I really enjoyed the event. It was very well organised and it was great to meet new companies that I had not met before...It brought together many key players from a traditionally difficult to engage community."

"I was able to meet with old and new connections, through mutual conversations before and after dinner as well as at the table which was mixed."

GOLD SPONSORSHIP PACKAGE*

£4,200 (exc vat)

- Table for up to 10 guests, worth £1,150
- Strong brand visibility throughout the campaign and on the evening
- Logo placement across event emails, graphics, and screens
- Organisation profile in the event programme, registration page, and Technology Scotland website
- Sponsor recognition across social media, newsletters, and event updates
- Verbal acknowledgement during the evening

DRINKS RECEPTION SPONSORSHIP PACKAGE*

£3,000 (exc vat)

Our drinks reception helps set the tone for the evening, offering guests the chance to connect and network before dinner.

With over an hour of networking as attendees arrive, this sponsorship provides a valuable opportunity to showcase your brand early and maximise visibility at the start of the event.

- Table for up to 10 guests, worth £1,150
- Roller banner displayed in the drinks reception area
- Prominent brand visibility before, during, and after the event
- Logo placement in the event programme, event graphics, and event screen slideshow
- Sponsor recognition across Technology Scotland channels
- Promotion through social media, monthly newsletter, and dedicated event updates

***1 opportunity available**

AWARD SPONSORSHIP*

The Technology Scotland Annual Dinner & Awards shines a spotlight on the organisations and individuals driving innovation across Scotland's enabling and critical technologies sector. From breakthrough research and commercial success to collaboration, talent, and impact, the awards recognise the achievements helping to shape Scotland's technology future.

Sponsoring an award offers your organisation a unique opportunity to align with excellence, raise your profile among senior industry leaders, and play a visible role in celebrating the success of Scotland's critical and enabling technologies community.

This opportunity is available as a stand alone or as an add-on to one of the sponsorship packages detailed in this document.

Please get in touch directly to discuss this option.
